Re-opening Protocol

- Joanne will be wearing a face mask and gloves whenever customers are present in the studio.
- **Customer Flow:** One person at a time or one small group of companions that are traveling together.
- **Protocol:** Customers will be responsible for coming in with their own facemask and gloves as per CDC and New York State guidelines.
- **Merchandise:** If you are interested in seeing an item more closely, Joanne will be more than happy to assist you, so that she is the only one handling merchandise.
- **Payment**: We will continue to accept cash, personal check or credit card for the purchase of any item.
- **Disinfecting**: After each customer leaves the studio, the checkout desk will be disinfected with organic materials. No harsh chemicals or ingredients will be used. A diffuser with essential oils will be running constantly during open hours to keep the air clean, in addition to smelling great!

Once we have the "go ahead" from the State to re-open, we will maintain our regular hours of business. If you have any questions, feel free to contact Joanne by phone or email.
